TO WHOMSOEVER IT MAY CONCERN

On behalf of the Society of Women Engineers (SWE), it gives me immense pleasure to provide a testimonial of the great work and support provided by Elbon Conferences and Events Pvt. Ltd. SWE held its WE Local India conference in Pune on March 21-23, 2018 at Hyatt Regency Hotel. The conference brought over 750 delegates from all over India and the USA to attend.

Elbon played an important role in leading the conference logistic management, from project planning to onsite management and post conference reporting. They were involved from initial stage of webpage design, registration payment integration, sponsorship implementation including exhibition logistics, co-ordination with VIPs for their itineraries and accommodations, permits recommendation and application, Audio Visual management, design, staffing and onsite management. Elbon provided wonderful customer service and managed details in a very professional manner. Their proactive attitude brought the conference completed successfully and smoothly. The delegates had great experience at the WE Local India conference.

It was therefore a pleasure working with Elbon. SWE was very satisfied with Elbon's service and pleased to recommend its services. We look forward to work with them again for our future projects.

Sincerely,
