### To whomsoever it may concern

It was a pleasure working with M/s Elbon Conferences and Events Pvt Ltd, the event management partner, for the Virtual Conference and Exhibition on Non Destructive Evaluation - NDE 2020, organized by ISNT during 10<sup>th</sup> -12<sup>th</sup> Dec 2020. M/s Elbon Conference and Events Pvt Ltd has provided excellent support in organizing and hosting our first ever Virtual Conference and Exhibition on Non Destructive Evaluation - NDE 2020.

The team has shown excellent commitment and dedication for the successful execution of Conference. The support provided by the team was instrumental in guiding us through the planning process and to support for virtual conferences in the COVID situation. They were one step ahead of the planning process and met each and every deadline. I was more than impressed with the team's ability to plan a conference of this magnitude from distant location. Every detail was considered and every issue was addressed efficiently and confidently. Team Elbon was guiding us at every step and remained at the frontend until the completion of the conference. The push given by M/s Elbon for the digital marketing had helped us reach the targeted participants from various industries.

I look forward to working with Elbon Conferences and Events Pvt Ltd in the future and recommend managing conferences and events of any size.

Regards,

Bikash Ghose
